ARMCO SAMM Stud

Based on the finest imported genetics and incorporating some of the best of ALLURE, CULLAM, WYVERN, QUINTARRA, BULBARLI and ROMILLY HILLS bloodlines.

The breeding stock has been carefully selected for their twinning and mothering ability, rapid growth, large frame, fly-strike resistance and lustrous white fleeces.

Registered, purple tag, stud rams (105) and ewes (125) are available now for private sale.

A limited number of purebred (non-registered) ewes and rams are available.

Commercial F1 ewes (600), F2 ewes (300) and F2 rams (150) are also available for sale.
