The first of the ET sons of the US sire Mohnen Dynamite who has proved to be one of the most popular AI sires in the USA, and with very good reason. Top 1% of the breed for all growth and heavy grass fed steers, short fed domestic and terminal indexes. Check out his length and frame, one hell of a bull!

Traits: BWT,200WT,400WT,SS,FAT,EMA,IMF

This is a good young bull that most will overlook. Only rising 23 months of age, out of a Glenoch cow who puts everything into her progeny, and by Te Mania Benhope who we have repeatedly had phenomenal success with. Smooth figures like these are sometimes better than extremes.

Good growth, a long and later maturity type by Burenda E152. Lots of history in the angus world from the Flower families and Burenda Y52 has been one of my favourite older cows with the semen from two sons being used within the Burenda herd. Her sons included Burenda Bounce B16 who sold at Agshow for $8000 and Burenda Gung Ho G32 who was sold at Roma 2012 Sale for $8000.
