This bull epitomises the ability of his sire Broken Bow to produce low birthweight, fast growing cattle. One of the lowest Birth Weight bulls in the sale and yet among the couple of heaviest for our entire Spring Drop, it is no wonder he has an elite set of curve bending EBVs. Combines a Birth Wt in the top 10% of the breed with growth hovering around the top 5% - that is real performance. Top 10% for Mi ...

Pretty handy when you can get heifer bulls with the strength of breeding behind them to ensure you don't end up with calves with no substance to them. Gold Edition is one of the better bulls we have bred and we are still AI ing with him. Top 10% CEDirect, top 20% Gestation Length, Birth Wt, Milk & IMF.

The first bull to be offered by one of our new herd sires High Roller and this son has a wonderful birth to growth spread plus high carcass as well. High Roller is out of one of Hazeldeans top females and there will be plenty of sons on offer over the next couple of years. His pedigree is stacked with cow making genetics so there is plenty of upside. Top 10% 200 Day Wt, top 20% 400 & 600 Day Wt & IMF. To ...
